

Youve got to be
kidding us! How can
you lean in with
others at throwing
away what little
democtratic process
we have. How can you
forget how precious
eual press is
politically? This is
critical. It is a
threat to all of us,
conservative or not,
to not take actions
which represent the
people as a whole,
this is something
you should know!
Lets wake up and
think about what we
are really doing. We
are responsible
wether we admit it
or not. Sincerely
Joseph Lavoie, SF
CA.
